

LETTER OF RECOMMENDATION ECE STUDY ABROAD PROGRAM

Participants in the ECE Abroad program must fulfill certain criteria in order to qualify. In order to ensure that the candidate possesses the character and ability to successfully handle the rigors of our program, along with the demands of travelling abroad. And so, based on the criteria listed below, please provide an assessment of the student based on your experiences with him or her.

Please check the appropriate box with '1' being the lowest evaluation and with '5' being the highest. Use NA where you do not know how to rate the candidate or where you feel the description does not apply. Beneath the table you will find space for any additional comments, please submit a small paragraph (Although the more information the better) describing the student. Please also describe your relationship to the student, how long you have known them etc. Thank you very much for your participation.

	1	2	3	4	5
Maturity / Responsibility					
Academic Level/Ability					
Potential Academic level/Ability					
Adaptability
